

Mission

To deliver quality in-home support, using technology while becoming a valuable and meaningful part of people's lives...

...offering independence with creative solutions.

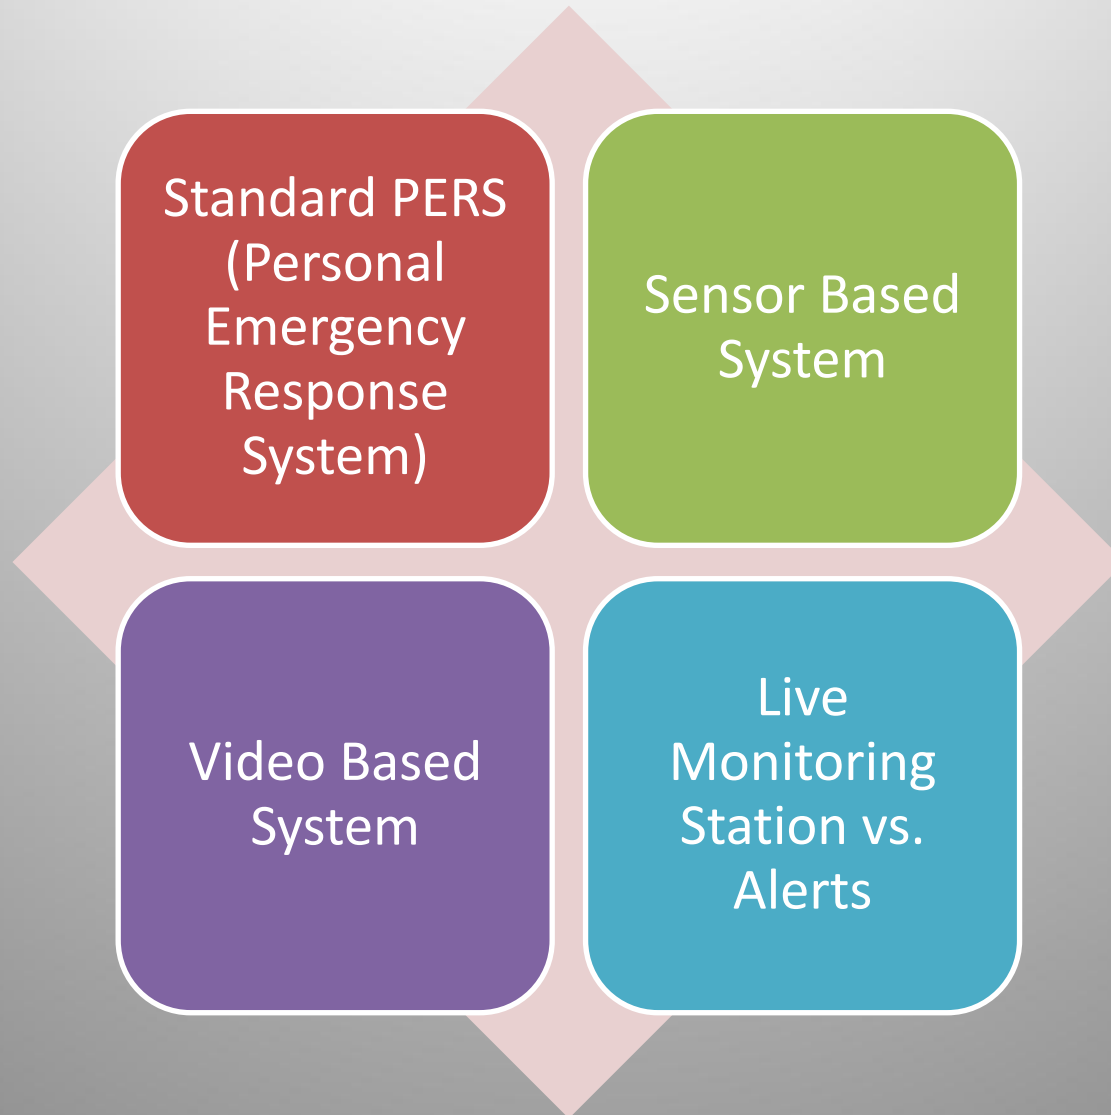

Who We Are

- Founded, Developed and Driven by People that Work with Seniors and People with Disabilities
- Not Solely Focused on Technology but on Creating Independence and Quality of Life for Seniors and People with Disabilities.

What are the Goals of Technology?

- Independence-Age in place
- Improve Quality of Life
- Cost Savings
- Workforce Shortage Issues-United States is facing an unprecedented shrinkage of direct care staff

Types of Remote Monitoring

Four Components of NOSS

Monitoring from
an offsite Central
Monitoring
Station

Technology

Response (from
either a paid
caregiver,
volunteer/natural
support person or
a family member)

Ongoing
Evaluation and
Oversight of Each
Person's Support
by Our **Consumer
Relations Team.**
